

Wayback in 1828, the world's first modern police force was created by Sir Robert Peel. The Metropolitan Police Force of London made its home at the famous Scotland Yard and quickly became the model for police forces around the world. But it would be another decade before the Detective Branch of Scotland Yard was set up. This branch later became the Criminal Investigation Department (commonly known as C.I.D) and to this day remains the main police department in Britain responsible for major crime investigation.

Becoming a plain clothes detective in the C.I.D is no easy task. Firstly, a police officer needs to have served for at least two years as a uniformed officer. (1)\_\_\_ Once this period has been completed the officer can then apply to go to a detective training school. However, there's no guarantee they will be accepted.

In order to become a detective, an officer needs to possess a wide range of skills and qualities, the most obvious being complete honesty and good character. They also need to be highly observant and to have good judgement. (2)\_\_\_ An officer with all these skills could more than likely find themselves being accepted to train as a detective. Most of these "detectives-to-be" discover that the really hard work begins once they get to the training school. (3)\_\_\_ For instance, they will have to learn about psychology, which will come in handy when they are questioning suspects and witnesses. Perhaps the most difficult subjects though deal with learning all about the modern scientific methods now used in crime detection.

Once our future Sherlocks have completed their initial training, they begin life as detective constables and start working on unsolved crime cases in the C.I.D. Most of the work they do is not nearly as glamorous as it seems on TV and in novels. (4)\_\_\_ Not exactly exciting, but essential duties all the same.

Apart from having to do painstaking investigative work, detectives also have a lot of paperwork to deal with. (5)\_\_\_ Every detail of a crime and its investigation must be recorded. Most detectives find the amount of clerical work they have to do the most frustrating part of their job.

Nonetheless, it can be a very rewarding job; a detective gets great satisfaction knowing they have solved a major crime. However, a detective's job is still not over after a suspect has been arrested and charged. (6)\_\_\_ Only when the offender is actually behind bars is the detective's goal achieved. Then there's always the next case to tackle, of course.
